Experience

New York State Insurance Fund (NYSIF)

Aug 2024 - Oct 2024

Product Designer (Contract)

- Led UX/UI, consolidating three mobile apps into a unified experience.
- Simplified key user workflows, reducing task steps by 20%.
- Developed a scalable design system with WCAG-compliant UI components.
- Presented and defended design decisions to stakeholders, incorporating feedback.
- Collaborated cross-functionally with PMs, engineers, and researchers.

Brainvire

Nov 2023 - Aug 2024

Senior UX/UI Designer

- Led end-to-end UX/UI for Yokohama, Oncor Energy, Accely, and internal products.
- Redesigned Accely's website, increasing engagement by 104%, form submissions by 44%, and interactions by 23%.
- Enhanced UX and conversion rates through research-driven interaction design.
- Ran Figma workshops, mentored junior designers, and collaborated across global teams.

Bam Digital

Feb 2022 - Aug 2023

Product Designer

- Designed MVPs and scalable products for startups, ensuring UX/UI aligned with business goals.
- Led a digital transformation for a sports analytics startup, achieving a 92% user switch rate.
- Influenced \$200K+ in agency sales by articulating UX strategy in stakeholder meetings.

Futureproof

Sep 2018 - Jan 2022

Interdisciplinary Designer & Strategist (Freelance)

- Designed and built custom Webflow sites and brand identities for clients across industries.
- Provided UX/UI consulting, product strategy, and digital marketing solutions.
- Managed full project lifecycle—from sales to execution—building long-term client relationships.
